

Dear Unity Friends,

During our onsite board meeting January 27-29, 2016, I was asked by the Board of Trustees to take a critical look at UWM's organizational structure and to make necessary changes that will position us for success in this time of change.

The pace of change is accelerating, and the time has come to acknowledge our changing priorities as an organization. Offering services to our membership is core, and these services have tripled in complexity with the formation of a comprehensive credentialing education program, and the expansion of our Communication and Technology department through new hires made possible, in part, by grants from the John Templeton Foundation.

Disseminating our Unity message through multiple avenues which aid in the recognition of Unity in the world, and training those who are called into credentialed leadership positions within Unity, are clear priorities. Additional staff or contracted services are needed in key areas, including accounting, marketing and financial development. These positions are in addition to those required by the new Education Department.

The following restructuring plan (see below), effective March 2, 2016, is shared so our membership is informed. Many of our beloved colleagues are directly impacted by this measure, and certainly every staff person at Unity Worldwide Ministries, as well as many of you, may feel a variety of emotions around the loss of what has been. Please know these decisions were not made lightly in a vacuum by one person, nor were they made without considerable prayer, meditation and divine guidance.

We request your prayer consciousness for grace, courage, clarity, peace and prosperity for the staff of UWM as well as our whole membership. Please affirm God's divine order at work bringing harmony, stability and new life to everyone, in every way.

Thank you for your prayers, your service, and your financial support which allows us to accomplish our mission of "advancing the movement of spiritual awakening and transformation through Unity, our positive path for spiritual living." I am available at djohnson@unity.org if anyone would like to contact me with questions or for further processing.

Yours in service,

Donna Johnson
